SUNDAY FIRE NEAR WESTERLY

Smith Street Barn Burned, Horse Being Suffocated by Smoke—Census-Taking Begins Today—Former Storrs College President to Advocate County Farm Agent.

Under the direction of the Rhode Island State Census Board, the taking of the sixth decennial census of the state will begin today. Four hundred and fifty-one enumerators have been appointed to do the work, which is to be completed in ten days. Colonel George H. Webb is director of the census and he is the only man in the United States who has supervised four censuses during a period of twenty years. The appointment of the enumerators throughout the state was completed Friday night and without exception, other than in those cases where it was considered appropriate to appoint enumerators who could speak the language of the people in the district to which they were assigned, men women and children were appointed who showed by their examination papers they were best fitted for the work.

The enumerators assembled at the state house, Saturday, and were addressed by Superintendent Webb, who explained in detail the work that was expected from the enumerators and were intelligently instructed in regard to their duties.

The enumerators for Westerly are: Eugene B. Pendleton, Joseph S. Grills, Everett A. Kingsley, Michael J. Truano, Charles E. Coon, Vincent D. Pietris, A. Frank Turano, for South Kingstown, Charles W. Wilcox, Oliver H. Stenham, Samuel M. Browne, Samuel D. Wilbur, for Richmond, Charles W. Howe, for North Kingstown, Morton McLeod, Thomas F. Tully, for Pawcatuck, Langworthy Pierce, Jr., for Narragansett, John J. Benson, for Hopkinton, Gardner B. Kenyon, Lawrence D. Wood, for Charlestown, James T. Fitzpatrick, Frank E. Tisdale.

Professor L. A. Clinton, of the United States Department of Agriculture, formerly director of the Connecticut Experiment station at Storrs will give an address here this (Monday) evening under the auspices of the Westerly State college and there is no question as to the great help it will afford to farmers and others who are in the line of bettering existing conditions in the farming line. One plan is for the counties of Washington and Kent to combine and secure an agent to cover both counties, the expense to be borne according to the valuation of taxable property. Another plan is that each county have a separate agent for the work. The sum of \$1,000 will be required for the work and as there is no county tax, the simplest way to provide for the work would be a town tax. The state college has announced that to raise \$1,000 as the part of the contributions from Washington and Kent counties by towns, it would be as follows: apportioned on the basis of each town's share of taxable property.

WASHINGTON COUNTY

Town	Property	Approp.
Charlestown	\$1,189,900	\$17.73
Exeter	538,255	7.92
Hopkinton	1,471,784	22.82
Narragansett	4,379,420	65.69
North Kingstown	4,822,155	71.85
South Kingstown	7,467,897	111.27
Richmond	1,387,460	20.87
Westerly	4,234,300	63.52
Total	\$31,071,371	\$462.85

KENT COUNTY

Town	Property	Approp.
Conventry	\$4,935,760	\$73.55
Greenwich	2,891,950	43.89
West Greenwich	4,229,700	63.45
Warwick	1,767,203	26.28
West Warwick	10,443,775	155.62
Total	\$36,271,338	\$540.45

The above at the rate of \$0.0149 per \$1,000 taxable property. Should Washington county desire to raise the amount of the different appropriations from the several towns would be as follows: Charlestown, \$32.42; Exeter, \$17.22; Hopkinton, \$24.74; Narragansett, \$65.69; North Kingstown, \$71.85; South Kingstown, \$111.27; Richmond, \$20.87; Westerly, \$63.52, or a total of \$1,000.39 at the rate of \$0.022.

Truman H. Newberry, of Detroit and Watch Hill, secretary of the navy under the Roosevelt administration, is now on a visit in Washington where he expressed very clearly the feeling of many of the colonel's friends have with regard to the political situation. Mr. Newberry said he had long known of his personal affection for Mr. Roosevelt, but that he parted company with him politically at Chicago in 1912.

"I am a republican first, but I did not expect Mr. Roosevelt to be a candidate in 1912. When he elected to run on another than the republican ticket I had to support the republican standard. I do not know what Mr. Roosevelt contemplates in the future. The republicans certainly occupy a position of great vantage. It would seem that it would be easy to defeat the democrats next year. But the republicans need both a new leadership and a great issue. I have no doubt the next few months will develop both, and that we shall triumph in the elections of 1916."

The new drill system of the artillery district, of the Rhode Island National Guard, is now in effect and the drills will be by battalion where possible.

ARE YOUR KIDNEYS OVERWORKED?

How They Fight Uric Acid

If you eat meat, then you have uric acid in your blood. And uric acid is the cause of weak kidneys. The kidneys do their utmost to free the blood of irritating uric acid, but it is a losing fight for them. They become weary and overworked. They get sluggish; the elements of uric acid clog and thus the work of filtering the blood is performed very poorly and the waste is retained to poison the entire system.

When your kidneys throb with a dull ache, when they feel like lumps of lead, when you have severe headache, dizziness and dizzy spells, sleeplessness, tired feeling, constipation and bladder disorders, you can make up your mind that these troubles come from weak, sluggish kidneys.

You can help the weakened kidneys and put them in good working order again by taking your druggist for about five ounces of Rheumalax. Take two teaspoonfuls in 2½ glasses of water before breakfast for a few mornings and the results will surprise you.

Rheumalax acts quickly without griping or nausea. It is delicious to take. It is a uric acid solvent as well as a saline laxative—delightfully effervescent.

These famous salts are very inexpensive. Every one can profitably take a little Rheumalax occasionally to keep the kidneys clean, working and efficient. Rheumalax is prepared by the famous Rheumalax Company, Minneapolis, Minn. 2c. 5c. and 10c. Bottles.

The first battalion, Major Johnson, composed of the First, Seventh, Ninth and Sixteenth companies, of Providence, will drill Monday nights. The second battalion, commanded by Major Nolan, consisting of the Second, Third, Tenth and Twelfth companies, of Providence, will drill Wednesday nights. There are but three Providence companies in the fourth battalion, the Fourth, Fourteenth and Seventeenth. This battalion under the command of Major Arthur N. Naah, of Westerly, will drill on Tuesday nights. The other companies, not located in Providence will drill as heretofore.

In connection with the new order the major commanding has issued special orders calculated to make the drills of the utmost value and take advantage of every minute of the allotted time of an hour and a half.

Arguments of counsel on bill and answer in the case of Isaac Ellis against Horace Swan were heard by Judge Barrows in the superior court for Providence county, Saturday. The counsel are Harry B. Agard for respondent and Harry P. Cross for plaintiff. This is a case that was heard at a session of the court in Westerly and relates to a lease of some granite property in the village of Bradford, which by Horace Swan, of Westerly, which Mr. Swan seeks to annul, claiming that the granite quarry had not been worked by Mr. Swan all through his claims to have lease of the property for a long term of years. Mr. Ellis claims that the existence of this alleged lease interferes with the sale of the property. Assigned for trial on Tuesday in the same court are the old suits of Albert B. Crafts against the Mechanic Savings bank of Westerly, in process of liquidation, and also in a case against Ira B. Crandall, of Westerly, a director of the bank.

White Rock is a blindless village, as of the many well kept houses all owned by the mill company operating in the place, not one is supplied with window blinds except the cottage occupied by the superintendent. The houses are practically of the same style of architecture, are all painted white and are in good repair. But the sanitary conditions of the village are inadequate, causing much complaint of the residents thereof. There is no system of water supply, and therefore no sewerage system or anything pertaining thereto, and the water used for drinking and domestic purposes is taken from the wells that are all open to cesspools and like conditions. The residents have been appealing in vain for the extension of the Westerly waterworks to the White Rock section of the town, but the mill company is silent on the very important subject.

The system has been extended to Watch Hill, Pleasant View and West-apaug, all within the town of Westerly, and even to Pawcatuck, in the town of Stonington. The mill company, which practically owns the village of White Rock, has made no application for the service, which would be effective, and with it guarantee of sufficient patronage and financial encouragement to the town of Westerly of construction and maintenance.

Early Sunday morning the barn owned by Joseph Christina in Smith street, Pawcatuck, was totally destroyed by fire, which all its contents, including a horse that was suffocated by smoke. The structure was practically destroyed when an alarm was sent in at 2:30 o'clock Sunday morning. The P. S. Barber Hose company did effective work in preventing a spread of the fire. The loss is estimated at \$1,000.

Local Laocian.

Rev. Ira B. Cottrell, who has been pastor of the Second Seventh-day Baptist church at Alfred, N. Y., for the past six years, is expected to take effect in three months. He has accepted a call to the church of the same denomination in Rockville, R. I. In Westerly, public drinking fountains in Wilcox park and elsewhere in the village are closed to all during the winter months. In New London, where there are so many public drinking fountains, 25 public drinking fountains are being installed which will be in operation every minute, winter as well as summer. They are sanitary and unfreezable.

The jury in the case of Vincenzo Cappiccio against Mrs. Joseph Guarino, an action in damages for injuries received by assault and battery, was returned by the court at \$200 for the plaintiff. The case of the Wilcox Fertilizer company against the plaintiff by the payment of \$445.53. The case of William D. Wester against Henry Bailey was reported settled.

Several residents of Pawcatuck and Westerly, held a session in the office of William A. Wilcox Friday evening and decided to take interest in the past by the town of Stonington. Representative Bourdon A. Babcock, which provides for a deputy health officer of the town of Stonington, a resident of Pawcatuck, is the person who was informed that the statutes provided for one health officer for each town in the state, and that to give an additional health officer to Stonington might mean more health officers for all other towns.

MYSTIC

Mrs. John A. Dunham and family will occupy the Gates tenement on Water street.

The Loper Fire Alarm Co., has been awarded the contract to install a fire alarm system at Portsmouth, N. H.

Voters to Decide.

In view of the opposition in some quarters to the bill proposed to raise the salaries of the judges and prosecutors of the Stonington town court, Senator B. H. Hewitt, who has been active in pushing the bill, will ask the selectmen to hold a special town meeting or have some other town meeting instigate a clause in the call for action on the matter.

The fixing of the salaries rests with the legislature, and usually towns are not consulted, but Senator Hewitt is desirous of ascertaining what the majority sentiment here is so as to propose to put the question squarely up to the voters.

At present the pay for each of the town officers is \$100, which is \$100 less than pay for same officials in Groton town court, which does less business.

NORWICH TOWN

Social Committee of C. E. Society Gives Picture Entertainment—Rural Association Reelects Officers—Ends Year With Balance in Treasury.

One of the prettiest entertainments of the winter was that given Friday evening in the chapel of the First Congregational church by the social committee of the Christian Endeavor society. It was suggestive of Washington's birthday and consisted of tableaux by members of the society accompanied by selections, many of them patriotic, by Sands orchestra of four pieces: piano, violin, cornet and banjo.

Those taking part in the tableaux were absolutely motionless, often keeping their fine postures through an encore.

The pictures were: George and Martha Washington, John Alden and Priscilla, Paul Revere's Ride, Betsy Ross, Washington Crossing the Delaware, Molly Pitcher, Washington at Valley Forge, Washington at Home. The last was a flag scene, the audience rose while the orchestra played "The Star Spangled Banner" and a soldier, Willie White, and a sailor, Robert Sterry, lowered the large flag over the scene.

Those in the pictures were Philip B. Whalley, John Browning, Henry Durr, Reginald Avery, Miss Helen Corrigue, Miss Ruth L. Potter and Miss Lucia Pierce. Henry Durr, an announced the programme, ice cream and cake were served during the evening.

GARMENT SECTION—SECOND FLOOR

The Reid and Hughes Co.

held an entertainment and social at the church Friday evening which was attended by about 75. Rev. Elwell O. Mead opened the entertainment with a recitation which he committed to memory in his boyhood. A play entitled Too Much of a Good Thing was presented. The cast followed:

Mr. Perkins, Mrs. Jay Pease
Hattie, Mrs. Perkins' daughter,
Myrtle Lombard
Nellie, another daughter of Mr. Perkins,
Ruby Williams
Eunice, a niece of Mr. Perkins,
Myra Moffitt
Polly, a domestic in the Perkins household,
Ruth Brown
Jennie Colper, a niece of Mr. Perkins,
Ruth Lombard
Tom Perkins, a nephew of Mr. Perkins and a country cousin of the girls,
Harold Lombard
Fred Schuyler, a refined city chap who is engaged to Jennie Colper,
Charles Lombard

The actors interpreted their parts with much ability. Through the kindness of Mr. and Mrs. Fred J. Brown, who loaned their Victrola, the audience enjoyed a large number of musical selections. Cake and coffee were served and \$11.20 was added to the treasury.

Rev. Elwell O. Mead will address the Boys' club at the Asylum Hill Congregational church in Hartford Tuesday evening.
